

# Not Religious?

You're not alone.

## YOU MIGHT BE A HUMANIST IF:

You believe that we give meaning to our own lives.

You are skeptical of the claims of religion.

You believe that much of the world's problems are the result of selfishness, cruelty, indifference, and ignorance.

You believe critical thinking and scientific evidence are the best way to understand the world.

You believe that when you die you will live on in other people's memories, through your children, and through the work you have done.

You believe in respecting and protecting the earth for future generations.

You believe that other people matter.
